Courses Offered

1. Auxiliary Nurse Midwifery (ANM)

The **ANM program** focuses on community healthcare, maternal and child welfare, and preventive health education. Students are trained to assist in primary healthcare and maternity services, especially in rural and semi-urban areas.

Duration: 2 Years

Eligibility: 10+2 passed in any stream
Key Highlights:

- Training in community health and basic nursing.
- Focus on maternal and child care.
- Exposure through field visits and rural healthcare projects.

2. General Nursing and Midwifery (GNM)

The **GNM course** prepares students for clinical and hospital-based nursing roles. It provides in-depth knowledge of medical, surgical, pediatric, and community nursing.

Duration: 3 Years
Eligibility: 10+2 passed (Science or any stream with English)
Key Highlights:

- Comprehensive hospital training.
- Practical learning under supervision of experienced mentors.
- Development of leadership and patient care skills.

Expert College Faculty

St. Mother Teressa School of Nursing has a team of highly qualified and experienced **faculty members** who are passionate about teaching and mentoring students. The faculty emphasizes both academic excellence and ethical practice, ensuring students are job-ready and community-oriented.

Workshops and Skill Training

To bridge the gap between classroom knowledge and real-world application, the college regularly conducts **workshops and seminars** on:

- Emergency and trauma care
- Maternal and neonatal health
- Nutrition and hygiene practices
- Patient safety and infection control
